Summary

Front End Web Developer with a background in education and non-governmental organisations. Driven and always keen to learn and adapt. Effective at problem-solving, identifying areas for improvements and supporting colleagues with up-skilling and implementing change. Fluent in Spanish. Proficient in French. Known as a conscientious professional with a keen eye for detail and a passion for making a difference.

Technical Skills

HTML5, CSS3, Bootstrap, JavaScript, JQuery, ReactJS, ES6, Node.js, APIs, EmailJS, CLI.

Projects

React Portfolio | https://github.com/louise-elliott-work/react-portfolio | https://louise-elliott-work.github.io/react-portfolio/

- Summary: This app provides a polished portfolio. It utilises React routings for smooth navigation between pages that show a professional summary, key projects to date and contact details. Projects are displayed in a modified Bootstrap carousel taking data from a json file that can be simply added to. The contact form employs useState and emailJS for effective functionality.
- Role: Sole author
- Tools: React, JavaScript, SDK, Bootstrap, CSS, HTML

PupVenture | https://ibalan92.github.io/dog-friendly-locations | https://github.com/ibalan92/dog-friendly-locations

- Summary: This app provides users with a list of dog-friendly destinations. The user inputs the date and a location and will see nearby destinations and the weather forecast for that date. Additionally, the user can save locations as favourites.
- Role: Developed the app as part of a four-person team, contributing the relevant share of lines of code and commits.
- Tools: APIs, JavaScript, CSS, HTML

Education

Sep23 - present
Front End Web Development Boot Camp Certificate: edX
100% achieved to date. An intensive program focused on gaining technical programming skills in HTML5, CSS3, JavaScript, JQuery, Bootstrap, ReactJS, ES6 and Node.js. Emphasis on teamwork and collaboration throughout.
